

## Product Description: 100W Adjustable Floodlight

Our range of architectural floodlights add visual interest and security to office parks and other exteriors while using less energy and requiring minimal upkeep. Our large, 115W floodlights have a 90 degree beam spread. They come in two colors, blue and white; the white has a neutral 4000K color temperature and outputs an impressive 6000 lumens. Perfect for floodlighting larger spaces, our round LED floodlights efficiently accent and enhance exteriors, including building facades, displays and signs. In commercial and residential applications, these powerful floodlights emphasize the beauty of the natural environment well past daylight hours, in addition to providing added safety.
