Feature & Benefits

- High density RGB colour changing flexible LED strip with self adhesive backing (must be applied to clean surfaces)
- Twice as many LEDs per metre as standard LED strip
- Single RGB LED chip allows programmable settings including static colours and colour changing modes dependant on the control system used
- Cut point every 100mm
- 17mm between LEDs (SMD5050)
- Voltage drop of 4V per 5m
- For runs over 5m individual lengths should be connected in parallel*
- Copper track for effective heat dissipation and long life
- Requires 24V DC Constant Voltage LED driver
- Very low power consumption - 14.4W per metre
- Please order to the nearest metre. Prices per metre (Reel length 30m)
- 3 Year Warranty - see [www.auroralighting.com](http://auroralighting.com) for details

Product Specs:

Input Voltage	24~24V DC	IP Rating	IP20
Lifetime L70 (hrs)	25000hrs	Width (mm)	10
Weight (Kg)	0.015	Height (mm)	2
Product Type	LED Strip		

Compliance & Approvals:

Warranty:

This product has a warranty period of 3 Years. Warranties may be available on certain products as indicated in the product description. Warranties are valid from the date of purchase. The warranty is invalid in the case of improper use, installation, tampering, removal of the Q.C. date label or installation in an improper working environment or installation. Should this product fail during the warranty period it will be replaced free of charge, subject to the correct installation of the original product and subsequent return of the faulty unit. Aurora does not accept responsibility for any installation costs associated with the replacement of this product and Aurora reserves the right to alter specifications without prior notice.
