

**Product Description:** E360™ 7W Glass GLS Non-Dimmable E27 LED Lamp - 60W Equivalent

The simply classic glass E360™ GLS lamp looks so much like traditional filament bulbs that you wouldn't be able to tell they're LED. Utilising the latest LED technology and GlassTec™ design, light is distributed in a full 360° angle. This ensures even illumination and warm light spread as found with traditional filament technology, but at a fraction of the energy consumption. Equivalent to a 60 W Incandescent bulbs output.
