

## Product Description: 74W Adjustable Medium Floodlight

Our range of architectural floodlights add visual interest and security to office parks and other exteriors while using less energy and requiring minimal upkeep. Our midsize, 74W floodlights are available in 33, 45 and 25 x 58 degree beam spreads. They come in two colors, blue and white; the white has a neutral 4200K color temperature and an output of 4200 lumens. Perfect for larger spaces, our 11.8"x15.9" LED floodlights efficiently accent and enhance exteriors, including building facades, displays and signs. In commercial and residential applications, these powerful floodlights highlight the beauty of the natural environment well past daylight hours, in addition to providing added safety.
