

LUMINAIRES - LED STRIP

AU-ST224

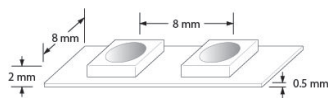

Product Description:

Single colour super bright flexible LED strip with self-adhesive backing (must be applied to clean surfaces). Ideal for fast installation applications such as signs, displays and pelmets. With a beam angle of 120° and twice as many LEDs per metre as standard LED strip, individual light points are less visible creating a continuous glow. This strip has cut points every 50mm for maximum flexibility. For runs over 10m individual length should be connected in parallel as voltage drops 4V per 5m. Strip can be cut to length and 2m leads soldered to special order. A 24V DC Constant Voltage LED driver is required (see driver options table). Reel length 30m. 3 year warranty.
