

Product Description:

100-240V Non-rotatable 1200mm T8 Frosted LED Tube

LED tubes is a cost effective solution for either retrofitting existing T8 fittings or in new installations. Utilising the latest LED technology, they use 50% less energy when compared to traditional fluorescent T8 tubes. All Aurora LED tubes are built using 360° impact resistant polycarbonate housing.

Feature & Benefits

- 360° Impact resistant frosted polycarbonate housing improves aesthetics and durability
- LED starter included, preventing risk of electric shock when tubes are inserted or removed from luminaire
- Efficacy up to 88lm/W delivers more light using less energy
- 160° beam angle delivers wide light distribution
- Suitable for use at -20° to +40°C making the range ideal for multiple applications and environments
- Life not affected by frequent switching e.g. when used with occupancy controls
- 2 year warranty

Product Specs:

Input Voltage	100~240V	Input Frequency	50/60HZ
Power Factor	0.93	Operating Temp. (Max) °C	40°C
Overall Diameter (mm)	26	Lamp Base	G13
Lamp Type	T8	Weight (Kg)	0.286
Lifetime Hours	25000hrs	Operating Temp. (Min) °C	-20

Compliance & Approvals:

Warranty:

This product has a warranty period of . Warranties may be available on certain products as indicated in the product description. Warranties are valid from the date of purchase. The warranty is invalid in the case of improper use, installation, tampering, removal of the Q.C. date label or installation in an improper working environment or installation. Should this product fail during the warranty period it will be replaced free of charge, subject to the correct installation of the original product and subsequent return of the faulty unit. Aurora does not accept responsibility for any installation costs associated with the replacement of this product and Aurora reserves the right to alter specifications without prior notice.
