

**Product Description:** LEDLine<sup>™</sup> IP67 RGB Flexible Strip

LEDline<sup>™</sup> RGB colour 24V IP67 super bright LED strip is ideal for when LED strip with a higher lumen output is required in wet environments and external applications. Increased brightness by using twice as many LEDs per metre than standard LED strip. RGB LEDs allow for programmable settings including static colours and colour changing modes. Low power consumption of 14.4W per metre. Strip can be cut to length and 2m leads soldered to special order.

## Feature & Benefits

- High density IP67 colour changing flexible LED strip with 3M™ self adhesive backing
- Beam angle of 120° and 17mm between LEDs, 60 LEDs/m
- Cut points every 100mm for maximum flexibility
- Maximum run of 5m
- For runs over 5m lengths to be connected in parallel
- Any joints or termination points are maximum IP65 rated
- Requires 24V LED driver (sold separately)
- Reel length of 10m
- 3 year warranty

## Product Specs:

Input Voltage	24~24V DC	IP Rating	IP67
Lifetime L70 (hrs)	35000hrs	Lamp Base	None
Width (mm)	12	Weight (Kg)	0.790
Height (mm)	5	Product Type	LED Strip
Operating Temp. (Min) °C	-25°C	Operating Temp. (Max) °C	40°C

## Compliance & Approvals:

## Warranty:

This product has a warranty period of 3 Years. Warranties may be available on certain products as indicated in the product description. Warranties are valid from the date of purchase. The warranty is invalid in the case of improper use, installation, tampering, removal of the Q.C. date label or installation in an improper working environment or installation. Should this product fail during the warranty period it will be replaced free of charge, subject to the correct installation of the original product and subsequent return of the faulty unit. Aurora does not accept responsibility for any installation costs associated with the replacement of this product and Aurora reserves the right to alter specifications without prior notice.
