

**Product Description:**

The FlexE240™ mains 240V LED strip kits are ideal for all interior and exterior accent lighting applications. Each strip is encased in a flexible IP65 silicon jacket for maximum weather protection. The interconnectable ends allow for lengths up to 30 metres to be joined together - perfect to create stunning interior, garden, landscape, and architectural lighting. Available in two kit lengths and a range of colour temperatures including RGB, for optimum scene creation.
